*Words of Joy and Life*

### "Value the Family"

The family stands at the center of society's hopes and struggles. With renewed conviction, the Church continues to encourage the commitment of all, individuals and institutions, in order to support the family, which is the primary place where upright values and examples are learned. The family needs stability and the recognition of its mutual bonds in order to carry out its irreplaceable task and to fulfill its mission. It needs to be appreciated, valued and protected as it puts its energy at the service of society.

This excerpt was taken from the book, "*Pope Francis Speaks to Families Words of Joy and Life*" by the Word Among Us.
